Beginner Age 3

This program will be run for players who enter Micro-Soccer for the first time. We will teach the basic fundamentals of the sport, starting with such basic things as running, jumping, and lateral movement. The coaching staff will also introduce dribbling a ball using the tools taught above. It is important to have each player with a ball at their feet while they are learning the fundamentals of running, jumping and lateral movements.

Intermediate 1 Age 4

The intermediate 1 program is for players who have been in the clinic previously for 1 or 2 sessions. The coaching staff will graduate each player to the next level based on his/her skill level, field awareness and desire to learn the fundamentals. Using the skills taught in the beginner class, the intermediate 1 players will be trained to pass and receive.

Intermediate 2 Age 5

The intermediate 2 program is for players who have been in the clinic previously for 2 or 3 sessions. The coaching staff will graduate each player to the next level based on his/her skill level, field awareness and desire to learn the fundamentals. Using the skills taught in the intermediate 1 class, the intermediate 2 players will be trained to pass and receive as well as strike a ball at goal.

Junior Academy Ages 6, 7 & 8

The Junior Academy is the 4th and final step in the Micro-Soccer clinic. This is for players who have been in the program 3 or 4 times previously and/or have shown the ability to play at a high level. This is the highest level in the Micro-Soccer clinic. All the fundamentals should be taught by this time and now the tactical part of the game can be trained. The players will now move onto our CNYFSC Youth Soccer program.
